

### Why should we do an Ardaas?

- ❑ Doing an Ardaas means to ask Maharaj for strength and guidance in the event you are about to help put on for your SSA. The importance is underlined by Guru Gobind Singh Ji in his 52 Hukams and it is a major help when working on an event.
- ❑ An incredible amount of Sikh non-profits and projects talk about how their events and projects were not working until they began doing an ardaas and saying "Maharaj, if you want this seva to be done please bless us the opportunity to do it, if you don't, then it's fine. Please guide us to do a seva that you think is best"

***Do not be afraid to do an Ardaas about money for events as well as the success of an event, it is equivalent to asking your parents for something. You may not always receive what you asked for but you will receive what is best for your SSA.***
